Use the table below to choose the right product for the application, then look at the following page for general characteristics on the product chosen.
NOTE the table below is only a guide, if in doubt please contact our technical department for confirmation of the choice made.

Super Metal Repair Systems

Product Name	Batteries - Leaking	Base Plate - Cracked	Bearing Housing - Worn	Bearing Support - Worn	Brake Test Rollers - Worn +	Corrosion Spots	Drive Rollers - Worn	Flange Face - Damaged	Heat Exchanger - Damaged End Plates	Hydraulic Rams - Scored	Keyways - Sloppy	Pipes - Leaking	Pipes - Leaking Couplings	Pipes - Repair Stripped Threads	Pipes - Sealing Leaking Threads	Pumps - Cracked Casing (Outside)	Pumps - Damaged Shroud	Pumps - Worn Backplate	Pumps - Worn Shaft	Sump - Cracked	Tanks Seams - Leaking	Non Slip Coating - Steel +	Repair Copper/Bronze Fittings		
UPS 19065 Rapid Setting Super Metal						*		*	*		*		*	*		*						*			
UPS 105 Super Metal Rebuilding System	*	*	*	*			*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	
UPS 115 Extended Life Super Metal	*	*	*	*			*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	*	
UPS 110 Fluid Super Metal+					*																	*			
UPS 19060 PlasSteel Twist Stick						*		*					*												
UPS 19601/3/4/5/ Pipe Repair Bandage												*	*		*										
*Ideal for use for this particular application.																									

Chemical Protection ♦ Corrosion Protection ♦ Metal Repair ♦ Ceramic Coating ♦ Rubber Repair ♦ GPR Repair ♦ Steel & Concrete Tank Linings ♦ Specialist Repair Kits ♦ Marine Coatings ♦ Floor Coating & Resurfacing ♦ External Wall Coatings Roof Repair & Resurfacing ♦ Concrete Repair ♦ Safety Surfacing 71

Marine Coatings & Repair Systems

+ When used in conjunction with LD/HD/XHD Grip

Use the table below to choose the right product for the application, then look at the following page for general characteristics on the product chosen.

NOTE the table below is only a guide, if in doubt please contact our technical department for confirmation of the choice made.

Ceramic Carbide Repair Systems

Product Name	Cavitation Attack - Rebuild	Cavitation Attack - Coating	Chutes - Damaged (Liquids and Fine Powders)	Chutes - Damaged (Solids - high impact abrasion resistance)	Hopper - Worn	High Temperature Resistance 250C	Pipework - Liquids and fine powders	Propeller - Rebuild	Propeller - Coating	Pump Impeller -Rebuild	Pump Impeller -Coating - Water	Pump Impeller -Coating - Low Viscosity Liquids	Pump Impeller -Coating - Abrasive to High Viscosity Product	Sprayable Coating	Volute - Rebuild	Volute Coating -Water	Volute Coating - Low Viscosity Liquids	Volute Coating - Abrasive to High Viscosity Product	Volute -Rebuild & Coating - High impact/ abrasion resist	Valve Rebuild	Valve Coating - Water	Valve Coating - Low Viscosity Liquid	Valve Coating - Abrasive to High Viscosity Product	Valve Rebuild & Coating - high impact/ abrasion resistance
UPS 200 Ceramic Carbide Wearing Compound			*		*		*	*		*					*					*				
UPS 205 Abrasion Resistant Ceramic Carbide			*		*		*		*		*	*	*				*	*			*	*	*	
UPS 210 Super Low Friction Coating											*	*				*	*				*	*		
UPS 220 Ceramic Carbide 88														*										
UPS 225 High Temp Ceramic Carbide						*																		
UPS 230 Flexible Ceramic Carbide Paste	*																							
UPS 235 Flexible Ceramic Carbide Fluid		*																						
UPS 240 Heavy Duty Ceramic Carbide				*															*					*

Chemical Protection ♦ Corrosion Protection ♦ Metal Repair ♦ Ceramic Coating ♦ Rubber Repair ♦ GPR Repair ♦ Steel & Concrete Tank Linings ♦ Specialist Repair Kits ♦ Marine Coatings ♦ Floor Coating & Resurfacing ♦ External Wall Coatings Roof Repair & Resurfacing ♦ Concrete Repair ♦ Safety Surfacing 72

Use the table below to choose the right product for the application, then look at the following page for general characteristics on the product chosen. **NOTE** the table below is only a guide, if in doubt please contact our technical department for confirmation of the choice made

Elastomeric Repair Systems

Product Name	Cables	Castings	Conveyor Rebuild	Conveyor Coating	Gaskets	Hosing - Low Pressure Repair ++	Moulds	Pump - Impeller	Tyre Repair - Off Road	Rapid Repairs	Conveyor	Hosing	Tyres
UPS 300 60 Durometer Paste	*		*			*			*				
UPS 305 60 Elastomer Fluid				*					*				
UPS 310 60 Durometer Rapid Grade Paste										*	*	*	
UPS 315 80 Durometer Paste		*			*		*						
UPS 320 80 Durometer Fluid		*			*		*						
UPS 325 80 Durometer Brushing Grade								*					

Use the table below to choose the right product for the application, then look at the following page for general characteristics on the product chosen. **NOTE** the table below is only a guide, if in doubt please contact our technical department for confirmation of the choice made
